

Biomedical Waste Red Bag List

Contact the Florida Department of Health Biomedical Waste Program

Biomedical waste disposal bags compliant with Chapter 64E-16, Florida Administrative Code.

Subject to change without notice. The Department of Health and its affiliated county health departments in no way endorse any or all of these products. If a particular bag does not appear on this list, test results must be on file at the biomedical waste generator's office. Those test results must verify that the bag meets or exceeds all applicable requirements of [Chapter 64E-16, Florida Administrative Code](#). An asterisk (*) indicates bags that are constructed of polypropylene; all others are constructed of polyethylene.
